

From Brinks Austin, Whispering Pines Board Chair –

Folks – I am putting out the call. Many of you expressed your desire to not just limit volunteer work to a given weekend but to make the camp available for work whenever camps were not in session. This would allow folks to schedule their time to meet individual calendars.

So not only will we have a scheduled work weekend on April 27 and 28, the camp is available for the rest of February and March.

This is also an excellent time for all of you who voted to keep the camp open to demonstrate your commitment to the camp by taking on projects to bring the Campground back up to our desired state.

Anyone who comes up and wants to enjoy our beautiful camp and do several of the maintenance items is more than welcome to stay in any of the cabins available. Or bring your trailer or RV. No one is at the camp. This is not just weekends; this is any day you want.

Please consider lending your expertise to WP and fix some of the issues. We will provide whatever materials that are required.

The following is a list of items that need to be completed. Contact Jim at 928-445-1478 or 425-320-6967 or e-mail at azwhisperingpines@gmail.com and let him know what you can do and when you can do it. Thanks in advance for your support.
