## ***Core and Boundaries Training***

The ***Core Training*** is required for all priesthood, children and youth workers. This is regardless of whether you have children and youth in your congregation. This requirement is for those who need to become registered.

***Boundaries Training*** (in addition to the ***Core Training*** class) is required in AZMC for all those who work directly with children and youth in congregations and the mission center. (ie. nursery, church school, youth camps, lead or assist with children and youth at reunion). It includes ways to observe important boundaries with children and youth.

## **Refresher Course**

The ***Refresher Course*** is for those who have completed the Core and Boundaries class prior to 2016. It serves as an important update. This class will review the important aspects for any person working with children and youth. It will also include updated information and guidelines that have been implemented over the past few years with AZMC and Children Protection Ministry.
